

## Ill Short Time, Emma Kohlhausen Succumbs at 81

Mrs. Emma Kohlhausen, 81 years old, well known Frankfort resident, died in her home there Tuesday evening, Feb. 14 following a brief illness. Mrs. Kohlhausen was stricken only a few days ago.

Mrs. Kohlhausen was born in Orland township, July 18, 1874, the daughter of the late Mr. and Mrs. Conrad Bettenhausen. She was united in marriage with Frank Kohlhausen Nov. 19, 1896. They established their home in Frankfort where Mr. Kohlhausen took over the general store business begun by his father. Mrs. Kohlhausen helped in the store several years, until home duties demanded all her time. They were privileged to celebrate their golden wedding anniversary in 1946. Mr. Kohlhausen died in January 1955 and since that time Mrs. Kohlhausen has been living in her home alone, but enjoyed the many kind visits of her neighbors.

She was a member of the local Methodist church, where, until her health failed, she was an active worker.

Surviving are three daughters, Grace, Mrs. Homer Gardner, Bay Shore, N.Y. Olive, Mrs. Charles V. Waggoner, Clinton, Ia., and Eloise, Mrs. John P. Wright, Wilmette; three grandchildren; a sister, Mrs. Mary Dietz, Frankfort and many other relatives in Frankfort, Tinley and Orland.

Removal was made to the Sonntag funeral home in Joliet where services will be held Friday at 3 p.m. with the Rev. Ben F. Day, officiating. Burial will be in Pleasant Hill cemetery, Frankfort.

## Death Claims Richard Gorham

Richard Gorham, a native of Homer township, and who had made his home with his son Julian and family in Harvey since 1951, died Friday, Feb. 10 following a stroke suffered a few days previous at the Dolan Manor Convalescent home near Harvey where he had been a patient for several months.

He was born in Homer township Oct. 12, 1883; the son of the late Mr. and Mrs. Akin Gorham and farmed there until his retirement.

He was married in 1895 to the former Sarah Ward who died in 1900. In 1904 he married Carrie Haley who died in 1953.

Mr. Gorham was a member of Lockport lodge, A. F. & A. M. but later transferred to the Harvey lodge Number 832 when he moved to that city. He also was a member of Medinah temple, A. A. O. N. M. S. of Chicago; Celestine chapter, 548, O. E. S. of Harvey and the Harvey First Methodist church.

Surviving besides Julian is another son, Howard L., of Lincoln, Neb., three grandchildren and six great-grandchildren.

Funeral services were held in the Sonntag funeral home in Joliet Monday afternoon with Rev. John Figley of the First Methodist church, Harvey, officiating. Burial was made in the Barnett cemetery in Homer township.

## Mokena C of C Holds Funfest

The annual funfest of the Mokena Chamber of Commerce was held last Thursday night at Valley View Farm.

The program was preceded by a dinner. This year the entertainment committee took a leaf from television's book and centered on a quiz show patterned after "What's My Line?"

There was also one quizmaster, but panels, a new set for each contestant. The quizmaster was Alvin Sorenson, the Chamber's new president.

Of course the panel members knew each of contestants but what they didn't know was the identity of the person that each contestant represented.

William A. Muehler, Mokena realtor and secretary of the Chamber of Commerce, and Mrs. Muehler were in charge of the program. The Muehlers also took turns singing original, personalized songs to the various persons present. They were accompanied on the Hammond organ by John Marce, of Sunny Acres.

Other new officers of the Chamber of Commerce are Fredrick Bauch, vice president; W. A. Muehler, secretary and Elmer L. Cooper, treasurer.

Over 21 million children in the United States are junior members of the American Red Cross. They carry out a year-round variety of community, national, and international projects.

## Sub-Contractors Suit Against Owners Fails

A directed verdict in favor of a New Lenox couple who had been sued by two sub-contractors was returned by a jury in the Will county circuit court this week.

The defendants in the case were Mr. and Mrs. Francis Metz. The plaintiffs were James Balfanz and Edward Kuta, of LaGrange, who claimed that the defendants owed them \$673 for work done on the home they built at New Lenox.

The Metzses said no. They had employed a general contractor to build the home and they had paid him. The two plaintiffs, sub-contractors and were working for the general contractor. The general contractor did not pay Balfanz and Kuta and later went bankrupt, it was said, still owing them.

The two sub-contractors then tried to collect from the Metzses on the grounds they had derived the benefits from their work.

Attorney Stephen Vargo of the law firm of Jaworski and Vargo, defending the Metzses, asked for a directed verdict after the plaintiffs had concluded putting in their evidence and Judge James V. Bartley allowed the motion, giving the jurors this instruction:

"The court instructs the jury that the evidence offered herein is insufficient in law to support the cause of action set out in the complaint and you will therefore return a verdict finding the issues for the defendant."

The plaintiffs also were assessed the court costs.

## Annual B-E Day Set for March 7

Over 1,100 public and parochial school teachers and administrators from all over Will county have already indicated a desire to participate in the 1956 Business-Education Day, March 7, according to Verne E. Crackel, county superintendent of schools.

Business-Education Day is being sponsored by the county superintendent of school's office and the Joliet Association of Commerce. Some 96 Joliet-area business and industrial firms will play host to the county teachers.

B-E Day is an entire day devoted to a study of business and industrial firms by teachers of the area. Its purpose is to help build better teacher-business relationships. This year's event will be the third annual event of its type. Last year businessmen visited schools in a turn-about plan.

All teachers in the public and parochial schools of Will county have been invited to be guests of the 96 firms from Lockport, Plainfield, Joliet and Lemont. Invitations to over 1,500 county teachers were mailed last week.

Each teacher will be assigned to one specific host firm. With some exceptions, the number of teachers per firm is expected to range from five to 20. Host firm representatives will meet the teachers at Joliet high school.

General chairman for Business-Education Day is Robert J. Herschbach, vice president of the First National Bank of Joliet. D. F. Davis, Northern Illinois Gas Co., also will serve on the committee.

People who mind their own business usually succeed—they have so little competition. Worry is like a rocking chair—gives you something to do, but doesn't get you anywhere.

## Officials of Suburban Towns Discuss Water, Sewage, Garbage

A joint meeting of the regional association of South Cook county and the Northeastern Illinois Metropolitan area local governmental services commission is scheduled for February 17 at 8 p.m., in the auditorium of the Central school at Homewood.

The meeting, while not open to the public in general, is one to which all officials of the villages of South Cook county and the adjoining area of Will county are invited.

Bert Vandervliet, Homewood, one of the five citizen appointees to the commission by Governor Stratton, will preside at this joint session. Chairman of the commission, State Rep. Paul J. Randolph (R. Chicago) chief sponsor of the legislation which created this commission, and Leverett S. Lyon, executive director of the commission, will outline the functions of the commission and its proposed scope of activities for the current year.

Altho the commission is authorized to survey all functions of the local governmental agencies in the five county area of McHenry, Lake, DuPage, Cook and Will counties, it has been decided that priority will be given to water supply, sewerage, surface

## Churches Plan Services for Lenten Season

Lent, the 40-day penitential season preceding Easter, began yesterday with Ash Wednesday and will end Saturday March 31. Easter is somewhat early this year, falling as it does on April 1.

The Lenten period is observed more or less generally by all Christian people.

Observance of Lent began in the second century. It gives Christian churches an opportunity to dwell thru special services on the central fact of the Christian faith—the death of the Son of God to atone for the sins of the world.

Ash Wednesday services were held thruout the area yesterday and during the next six weeks most of the churches will have various week-day services, in addition to those on Sundays.

The imposition of ashes, which is done in a number of churches, is intended not only to teach humility—"from dust thou art and to dust thou returnest"—but also is said to come from the custom recounted in the Old Testament in which penitents sprinkled their heads with ashes.

Lent is a time for meditation and an opportunity to build up spiritual strength.

The close of the period comes in Holy Week, which this year begins March 25—Palm Sunday in commemoration of the day on which Christ came in triumph to Jerusalem amid the shouts of adulation that before the week was out would become cries of ignorant hatred and continues the Good Friday, the day of the Crucifixion.

The whole period, of course, leads up to the great climax of the Christian faith—Easter which marks the resurrection of Our Blessed Lord, His triumph over death and sin.

## Women's Group to Hold Day of Prayer In Frankfort Church

The Women's organizations of Frankfort and Mokena churches are uniting in observance of this Day of Prayer, tomorrow, Feb. 17 at 1:30 p.m. in St. Peter's Evangelical and Reformed church in Frankfort.

The emphasis this year is on the American Indian in a program prepared by the United Church Women.

Mrs. LeRoy Mager and Mrs. Robert Trump, St. Peter's church will be in charge of the program with other women from various organizations participating.

The Rev. Erich Bizer will speak on the American Indians and the Rev. Ben F. Day of the Frankfort Methodist church will give the closing prayer and benediction.

After the program, a period of fellowship will be enjoyed in the church parlors. All women of the churches in these communities are invited.

## ZONING HEARING

The Will county zoning board will meet in the Fire barn on 143rd st., at 8 p.m., Feb. 3 to discuss the changing of property at Gougar Rd. and Rt. 7, from a residence zone to a light industry zone. All interested persons are asked to attend. The meeting has been advertised to be held in Homer town hall, but the place has been changed because of repairs needed at the hall due to the recent fire.

(SIU) When there were only three banks in Illinois, one of them was located at Brownsville, then the county seat of Jackson county.

## Washington Prays, At Valley Forge

THAT WE MIGHT BE FREE—

It is our national custom at least once a year to honor the memory of the Father of Our Country; we observe his birthday in brief ceremonies, long speeches, and such.

How much more fitting might it be if each of us examined his individual conscience, in reflecting on the immortal George Washington, to see how willing we are to match in the smallest degree the sacrifice and devotion of this great man, in the cause of freedom?

Some of us—too many of us—don't seem to care enough even to inform ourselves on the vital issues of the day, when our heritage of liberty is threatened on all sides.

Even more of us give but little thought to registering and voting—we, the inheritors of the freedom which the freezing, starving, "ragged Continentals" of Valley Forge made possible for us.

## Bridge Repairs Liberate Marley Residents From 5-Mile Detour

Repairs on the Maple road, bridge at Marley have been completed and the structure was opened for public use last Thursday, thus ending the necessity of a five mile detour which has been in force since Dec. 1 when a heavily loaded truck broke the span.

The work was done by the county highway department to give Marley residents an outlet to Route 6 until such time as a new road is completed. The new state road aid, which has been approved by the county board and the state highway department, would leave Maple rd. in a sweeping curve just east of the Marley church and then run northwesterly to Route 6, joining that highway with a wide spread in either direction, according to plans.

The new route will necessitate the construction of a new crossing over the Wabash, permission for which must come from the Illinois commerce commission.

The new route also will require the purchase of right-of-way, but County Highway Engineer James McCarthy said that if Maple rd. were used it would be necessary to acquire additional right-of-way for that thoroughfare and a new bridge to replace the present span would cost an additional \$70,000, so the cost for widening, grading and resurfacing Maple road along its present highway would be greater than to construct the new route.

At the county board meeting, Dec. 12 that portion of Maple rd. from the point where the new route will swing off east of the Marley church, to where it joins Route 6, has been abandoned as a state aid route means, it was explained, that it will no longer be maintained by

the county but will revert to New Lenox township for upkeep.

In the meantime a letter has been sent to the county good roads committee, the state highway department, and the Wabash railroad by Harold Jones, Rt. 1, Mokena, as secretary of the Committee for Modernizing Maple Road, protesting the new route that will provide Marley with an outlet to the west.

The letter says the new route would be half a mile longer and would add "three unnecessary curves" to an otherwise straight road. Maple road as it exists now is without curves "from one and a half miles east of Joliet to Route 42-A (Harlem ave.), a distance of 12 to 15 miles," the letter states, and continues;

"If Maple road was extended directly east to the Indiana state boundary, it would add 'three unnecessary curves' to an otherwise straight road. Maple road as it exists now is without curves 'from one and a half miles east of Joliet to Route 42-A (Harlem ave.), a distance of 12 to 15 miles,' the letter states, and continues;

## Two Lincoln-Way Seniors Win Honors in 15th National Science Talent Search; 20,000 Compete

### Boy Scouts Hold Court of Honor

The Court of Honor held Sunday by the Boy Scouts in the Mokena public school drew a large crowd despite weather conditions.

Wolf patrol opened the meeting with posting of the colors, giving the pledge to the flag and the Scout oath and law. The Rev. William Riemann gave the invocation.

Fred Werner of the troop council presented the new register cards and Willard Munch also of the troop council gave service stars to Eric Jacobsen, Mark Muehler, Dan Williams, Ken and Ray Lorenz, John Kropp, Don Alexander, Gordon Richardson, George Stanz, James Murdoch, Robert Munch and Charles Kelch, all Boy Scouts and to Scout Master Arthur Omland.

Gerrit Swart, T. C. present patrol leaders bars to Charles Kelch and Mark Muehler.

Patrol leader bars also were awarded to Charles Kelch and Mark Muehler and assistant patrol leader bars to Don Alexander, Dan Williams and George Stanz.

Robert Munch and Bert Janer received patrol leader insignias and the scribe insignia went to Dan Williams. Arrow awards were given to Robert Munch, Ken Lorenz, Charles Kelch and troop counselor Stanley Williams.

Harley Mann, institutional representative, gave the liberty team awards, charter, leader and troop council cards.

Last week being Boy Scout Week, three store windows were decorated in Boy Scout fashion depicting what Scouting means, Dunham's Hardware, by the Wolf patrol; Sorny's confectionery, by the Panther patrol and the Mokena Electric store by the Indiana patrol. Judges who selected the winners were Raymond Westlund, village trustee, George Bills and Mrs. Harold Behen. The window in Sorny's store was declared best. Awards for this work were given to Ray and Ken Lorenz, Don Alexander and John Kropp.

The Whaeblau award was given to Eric Jacobson. Scout Master Omland explained camping. Ron Baaden joined as a new member and tenderfoot. Investigation was held for Jim Miller, Ronnie Teague and Eric Jacobson. Second class badge was awarded to Gordon Richardson.

Movies were shown and the new flags were presented to the troop from a disbanded troop in Chicago.

Following the report of the scout master and the retiring of the colors, coffee and cake were served.

### Marvin Smiths to Vacation in West

Mr. and Mrs. Marvin Smith left Wednesday morning, via the Santa Fe Chief for a two weeks vacation in Maywood, Calif., where they will visit his mother, whom he has not seen for a number of years. They expect to return March 3.

Mr. Smith, who is in charge of advertising and public relations in Tinley Park will be relieved during his absence by Ramon Westlund of the Semmler Newspapers.

## Heart Group Tells of Work and Needs Thru Films and Speakers

The Illinois Heart Association has but two more weeks to complete its annual fund campaign. The drive is begun Feb. 1, and is scheduled to end Feb. 29. The Heart Association takes pride in the fact that it confines its drive to just the one month—February. Leap year gives them a dividend of an extra day.

Miss Ruth Thorgren, executive director of the Heart Association in Will and five neighboring counties, explained that a house-to-house canvass will be held in some communities on "Heart Sunday", which is Feb. 26, but not in all.

Organization holding meetings this month who wish to be informed of the work that is being done to combat heart disease can contact Miss Thorgren and she can arrange for speakers and films.

Some 30 doctors in Will county are prepared to discuss the work that is being done in the heart field. Doctors from the Hedges clinic in Frankfort, for instance, are among those available as speakers and probably would be assigned to meetings in this area.

Miss Thorgren said that the

Two Lincoln-Way high school seniors, James Cooper of Mokena, and Rudolph Guzik of Frankfort, rate among the top 300 of the 20,000 students in the United States who competed in the 15th annual Science Talent Search test conducted by Westinghouse Electric Corp.

The two Lincoln-Way youths received honorable mention by the judges which, it was pointed out, is a high honor in view of the fact that so many high school students were involved.

Word that Cooper and Guzik had been so honored was received last week by Supt. A. Hunter Chapman and H. Niel Hardy.

Under the will of Mrs. Olga Smith, late of Frankfort who died Nov. 1, 1955, her estate, which is comprised of personal property valued at \$25,600, is left to a nephew, Edgar G. Lund, of Frankfort.

A petition asking that he be admitted to probate was filed this week by Attorney Albert H. Krusemark, Jr. Hearing on the will has been set for March 13 by Probate Judge Stewart C. Hutchinson.

Mrs. Smith was a native of Norway and came to this country with her parents. She married Louis Smith, of Utah, and the couple farmed there until his death 11 years ago. Nine years ago, Mrs. Smith came to Chicago and lived there with a sister, Mrs. Lund. When the latter died about a year ago, Mrs. Smith came to Frankfort to make her home with Mr. and Mrs. Edgar Lund. She died after having been a resident of Frankfort for nine months. At the time of her death Mrs. Smith was 82 years old.

### Girl Scouts to Collect Bandages For Cancer Group

The Mokena Girl Scout troops will aid the Will County Cancer society in picking up white material needed for bandages and pads.

The need for such material is great, it was stated and so the Girl Scouts were enlisted to aid in its collection. The drive is scheduled to begin tomorrow and will continue thru Feb. 24. Sheets, pillow cases, shirts, diapers, towels mattress pads and bedspreads are suggested materials, must be clean.

Mokena residents who have such material available are asked to call Mrs. Clarence Berg, Mrs. Donald Ambuhl or Mrs. Rudolph Engelhardt, and a Girl Scout will pick it up.

The eighth grade girls who belong to Troop 42 and the seventh grade girls who are members of Troop 40, will be responsible for collecting this material. It not only will help the cancer society, but will also serve to give the Girl Scouts an opportunity for service.

The Mokena Neighborhood Council of Girl Scouts is to meet next Tuesday afternoon, Feb. 21 at 1:30 o'clock in the home of Mrs. Engelhardt. All leaders and troop committee women and those who work in the day camp have been requested to be present as there are some problems concerning the day camp that have to be settled, it was said.

Diggers for a water main ditch in Salem, Ore., recently uncovered a stretch of street car tracks made of wood unused for 40 years but still good.

Each year Westinghouse gives several thousand dollars in scholarship to winners. Based upon past experience these students receiving honorable mention will receive offers of scholarships and other financial assistance from leading colleges and universities. In addition the tests will be considered by the state board for awards in Illinois.

Lincoln-Way was one of ten schools in Illinois who were honored with winning students. Schools so honored were: Arlington Heights, Cicero, Evanston, Franklin Park, Granite City, LaGrange, Oak Park, West Chicago, and Winnetka.

### Veterinarian Will Address Riding Club

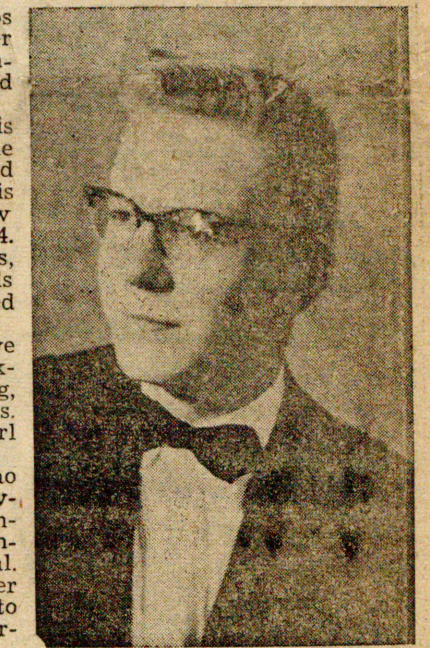

Dr. George J. Lengerich, veterinarian from Mokena, will be the speaker Sunday night Feb. 19 at the meeting of the New Lenox Riding club, when they meet at 7 o'clock in the Lions Den. His talk will follow a short business meeting, after which there will be a social hour with quiz games and refreshments.

Sandy Eden and Daun Weber are on the committee making plans for the night's meeting. Membership in the Riding club has more than doubled since its reorganization two years ago. There are now more than 50 members, it was reported.

James Cooper head of the science and mathematics department at Lincoln-Way. The tests were taken last Dec. 15.

All students that take this test are alike in wanting to be scientists, possessing above average intelligence, persistence, a willingness to try difficult tasks and a desire to measure their ability against that of other students. Most of them are in the top 20 per cent of their graduating class. Ahead of them is financial or other assistance to a college education in science. Approximately 20,000 students took this test and Rudy and Jim were among the top 300.

The hurdles which the judges consider are: The science aptitude examination, scholastic records, project reports and teacher-principal recommendations. This test is conducted annually by the Westinghouse Electric Corp. for the promotion of education and science. The Annual Science Talent Search is more than a scholarship contest. It is a major step toward making scientific talent available for important tasks in our civilization.

Each year Westinghouse gives several thousand dollars in scholarship to winners. Based upon past experience these students receiving honorable mention will receive offers of scholarships and other financial assistance from leading colleges and universities. In addition the tests will be considered by the state board for awards in Illinois.

## Farm Bureau to Meet Feb. 25th

Plans for the 42nd Annual Farm Bureau meeting were released by Kenneth E. Maves, president of the Will County Farm Bureau. Maves announced the meeting place to be the American Legion hall, 252 N. Ottawa st., Joliet. The time of the meeting is called for 7:30 p.m., Saturday, February 25. J. C. Lynn, legislative director of the American Farm Bureau Federation will be guest speaker. Lynn comes highly informed

on the many national situations facing congress at the present time. He has a speaking acquaintance with every senator and representative in Washington. In his speech to the Farm Bureau membership of Will county, he will explain certain situations and inform the membership of the many happenings on the national and international situations.

Short reports will be given by personnel. Five directors will be elected to the official board. Two of the five, according to the by-laws of the organization, must be replaced since they have served two two-year terms.

These two directors are George R. Brisbin, representing West Lockport and Plainfield townships; and Kenneth E. Maves, representing Will and Peotone townships. The other three directors are: Earl Keniston, representing Wilton and Manhattan townships; Julius Sewing, representing Joliet and Jackson townships; and Francis Johnston, representing Reed, Custer, Wesley, Wilmington and Florence townships. These three men have served one two-year term.

A change in the by-laws to the constitution will also be voted upon by the membership at this 42nd annual meeting. The membership must decide on a dues increase since the amount of money going to the state organization will be increased on October 1, 1956. The board of directors of the farm bureau have made several recommendations on an expanded program and need for more money in the local organization. This entire program will be revealed to the membership on the evening of the annual meeting.

The Allen Klemme band will furnish music thruout the evening; and refreshments will be served at the close of the meeting.

## Baseball, Dog Stories Head List at Library

Among the 300 books which have just been received by the Mokena Library from the Illinois state library for use during the next three months, baseball stories and dog stories are the most numerous.

Two of the latter are "Little Circus Dog" by Barr, and "Brian, a Collier" by Johnson. For baseball fans there are, "Short-stop Shadow" by Briar, "Yankee Rookie" by Fitzgerald, "Mighty Men of Baseball" by Verral, and "Bobby Shantz" by Delaney.

Mothers will find more than 50 picture books and simple stories to be read to the preschool of first-grade child, like "Babar the King" and "Babar and His Children", famous books by Brunhoff about fictitious doings in elephant-land. There are also about 50 story books and novels for junior high and senior high school children.

Nature books include: "A Child's Book of Trees", "Garden Spider", "Collecting 'Cocoons'", "How the Animals Eat" and "Sleek, the Story of an Otter." Horses might be considered a popular category under nature books, but most horse stories on hand are fictional, including "Phantom Rider" by Robertson, "Capture of the Golden Stallion" by Montgomery and "Golden Maze" by McGraw.

There are biographies of Thomas Alva Edison, Lillian Wald, founder of the Visiting Nurse association, William Penn, one of the colonial leaders, and John James Audubon the naturalist and along with the biographies the Mokena library already has on the shelves these make an impressive total of about seventy available. Well over a hundred adult novels and mysteries have been received in this first assignment of books the library has had from the state library in six months.

Mrs. Walter Shewski, president of the Mokena Book club, would like to remind residents that the library which is located at 34 E. Front st., is open every Wednesday evening, from 7:30 to 9:00 p.m. and anyone may take out books, if he has a library card.

Librarians on duty for the next three Wednesday nights are: Mrs. Richard Sippel, Mrs. Hugo Niethammer, Mrs. Ted Pettes, Mrs. Jack Owens.

The February meeting of the Mokena Book club was held last Friday night at the home of Mrs. Ray Over, when Mrs. Charles Swanberg reviewed the book, "Love is Eternal" by Irving Stone.

### Push Plans for PTA Dance

The Mokena PTA has gone into high gear in preparations for its dance in the public school gymnasium the night of Feb. 25, which is a week from Saturday.

Dancing will be from 8:30 to 1 and various special attractions have been planned, and there will be prizes awarded.

Norval Robinson, chairman of the regular ways and means committee of the Mokena PTA, is in charge of the affair and has appointed several sub-committees to take care of details. Mrs. Kenneth Sherwood has been placed in charge of tickets; Robert Lang, Wesley Capple and Fred Clark comprise the floor committee; Mrs. Norval Robinson, refreshments; Mrs. William Hamilton and Mrs. Russell Anderson are in charge of decorations; Russell Anderson, Kenneth Sherwood and Harry Fee are to handle arrangements for the special attractions and Mrs. Harold Behen is in charge of publicity.

Tickets will be available at the door. The public is invited.

### PTA News

**Coopers Grove Mothers' Club**  
The Mothers' club of Coopers Grove school had an interesting meeting Feb. 2.

A tour of Croydon China shop in Park Forest was planned for Feb. 29 which members will find delightfully different than the usually planned tours.

March 8 was set for a roller-skating party to which parents, students and friends are invited. Tickets may be purchased from parents or student.

The Mother's club annual dinner has been set for March 15. More definite arrangements will be made at the March 1 meeting.

Bunco news is in the making with April 12 as the evening selected, at the Coopers Grove school.

The recent paper-drive conducted Feb. 4 was reported quite a success. Hostesses for the evening's refreshments were, mesdames: Yonker and Thomas.

**Bremen P.T.A.**

### VFW Auxiliary

The Ladies Auxiliary to the Veterans of Foreign Wars, Bremen Post 2791, met Feb. 7 with Gladys Elliott, presiding. Prudence Cory, Jr. vice president, third district, made an official inspection of the auxiliary. A favorable report was received.

Appreciation was extended to the auxiliary members who assisted in serving the chop suey supper to the post, and refreshments to the boxing commission and at the 16th district dance.

Membership chairman Bessie Seeley report a two-thirds paid up membership for 1956. A committee has been appointed to contact delinquent members and a 100 per cent paid up membership is the goal for the next meeting.

The fine support the community has given the Auxiliary's various projects thruout the year has made it possible for the Auxiliary to donate to the following worthy causes: Child Welfare Fund, The National Cancer Research Foundation, the Heart Fund and the Holy Cross hospital for cancer research.

The ninth annual patriotic conference and luncheon will be held Feb. 18th at the Sherman hotel. Gladys Elliott, Bessie Seeley, Gen. Mattson and Kathryn May will attend. The Auxiliary welcomed Loraine Miller as a member transferred from the Elgin unit.

Refreshments were served by Frieda Willman and Dorothy Pennington. The next social meeting will be Feb. 21.

ers of Markham and a small faculty group presented a comedy take-off "The Shoe Fits" on the meeting's theme.

Mrs. Preston Williams of Homewood delivered a "Founder's Day" address.

Stressing the responsibility of parents to see that their children do homework was T. R. Birkhead, superintendent.

On Wednesday evening, Mar. 14, Bremen high will hold its annual open house.

**Tinley PTA Tea**

The Executive Board of the PTA were hostesses at a tea given for the mothers of the fifth, sixth and seventh grade children at the Tinley Park school on February 8th. The Mesdames Howard Mager and Clifford Fuchner poured. The Valentine motif was used as the decorating theme.

### Mary Betty Minor To Wed In Florida

Of interest to man people in Tinley Park and Mokena area is the announcement being made by Mr. and Mrs. Harland Allen Merrell of 5733 Riviera Dr., Coral Gables, Fla., of the approaching marriage of her daughter Mary Betty Minor to Gene Duane Palmer of the United States Marine Corps.

The wedding will take place Tuesday evening Feb. 28 in the Coral Gables Congregational church at 7:30 o'clock.

Mary Betty will be remembered as being in charge of the Tinley Park Times office several years ago when the Merrell family lived at Mokena and Mr. Merrell was foreman at the News-Bulletin in Mokena.

### Red Cross Picks Town Chairmen

Chairman for the annual Red Cross drive in the outlying communities in Will county have been named by E. B. Workman who is county town and rural chairman for the 1956 campaign. The campaign will open March 1.

George Kreuger, Wolf rd., an insurance man, has been named chairman for the drive in Mokena; Mrs. Herbert Folkers will serve as such at Frankfort and in New Lenox. Mrs. John Oster, wife of the school superintendent, will be the head of the drive there.

The quota of the Will county chapter has been set at \$78,090 this year, an increase over last year of almost 17 per cent.

The greater part of this increase, it was explained, is due to the extensive disaster losses in both the eastern states and now in California, Oregon and Nevada.

Actually, according to A. F. Smiles, general chairman of the Will county campaign, this is a combined annual membership drive and disaster relief in order to meet the needs of the National Red Cross in these disaster areas.

Approximately \$27-million has

## Natl. Tea Sales Show Continued Gain, Says Head

H. V. McNamara, president, National Tea Co., today reported continued sales increases for the first four week period of 1956.

Sales for the period ending January 28, amounted to \$44,713, 868, as compared with sales of \$42,238,755 for the corresponding period of 1955, for an increase of \$1,935,113, or 4.58 per cent ahead of last year.

"After a record buying season, which produced the highest sales in history for both the month of December and the year, sales for the first week of the new year started off slowly," stated McNamara, "possibly due to heavy buying during the holiday weeks. However, each succeeding week of the new year has been more satisfactory in sales and the present trend of increase is averaging about twice the per cent of increase reported herein.

"As we get further into the new year, we expect sales to continue at about the same accelerated rate of increase as reported for 1955, during which National Tea Co. sales maintained an increase of more than \$1 million per week for a gain of 10.62 per cent for the year."

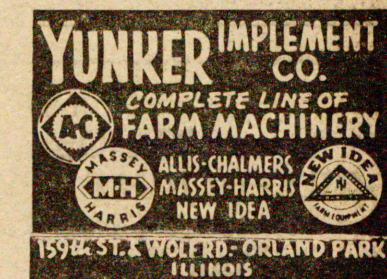

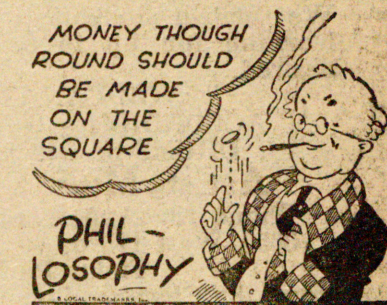

At the close of the four week period ending Jan. 28, the company reported 746 stores in operation as compared with 711 stores operated at the same time last year.

**NOTICE**  
Commonwealth Edison Company (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on February 1, 1956, certain rate schedule changes proposed to become effective with meter readings taken on and after March 3, 1956.

The purpose of these changes is to simplify the rate schedules applicable in Public Service Company territory. The Company proposes to transfer Rate 1—Residential Electric Service, Rate 5—General Electric Service and Rate 24—Municipal Pumping and Street Lighting Service from Schedule E-2 to Schedule E-3 and cancel Schedule E-2. Schedule E-3 applies to all of Public Service territory, while Schedule E-2 applies to such territory except for the area formerly served by Illinois Northern Utilities Company. It is also proposed to cancel Rates 1, 5, 24, 55 and 56 in the Illinois Northern schedule of the Company. Rates 1 and 5 are identical, and Rate 24 is similar to corresponding rates in Schedule E-2. Rates 55 and 56 are obsolete rates applicable only in Freeport, there being no customers on Rate 56 and only six on Rate 55. Certain riders are proposed to be transferred, cancelled, or revised as to applicability to correspond to these changes in the schedules.

Further information with respect to these changes may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois.

A copy of the proposed changes together with the schedules to which they apply may be inspected by any interested party in any public office of this Division.

# Sandburg Host to District Cage Tourney

## Cadets, Evergreens to Meet in Opener Wednesday; Lincoln-Way Will Play Lemont Thursday Night

The district basketball tournament get underway next week. The district tournaments are the first scene in the annual drama that reaches its climax next month when the top quintets of the state meet at Champaign-Urbana to play for the Illinois state high school basketball championship.

The Illinois High School Athletic association has assigned one of the district tournaments to the district of Lincoln-Way and Evergreen Park and Sandburg will represent the Southwest Suburban conference at this district. The two other teams to play at Sandburg are Lemont and Morgan Park military academy.

Morgan Park and Evergreen Park are to meet in the first game, at 8 o'clock Wednesday night, Feb. 22. Incidentally there is but one game scheduled for Wednesday, but there will be two games Thursday night.

The first game Thursday night is scheduled to begin at 7:30 and will be between the winner of Wednesday night's contest and Sandburg. Since there was an odd number of teams a bye was drawn and Sandburg got it.

The second game Thursday night will see Lincoln-Way pitted against Lemont.

On Friday night, Feb. 24, at 8 p.m. the winners of the Thursday night game will meet for the district title.

District winners go to the regional tournaments and the winners there will compete in the sectionals. Sectional winners go to the state meet at Urbana-Champaign.

All seats for the district tourney at Sandburg will be reserved and tickets are on sale at the schools who will participate. The Sandburg district winners will compete in the regional tourney at Riverside-Brookfield the following week.

Rich, Reavis and Bremen will not go to district, but direct to regionals. Rich will play at the Kankakee regional, Bremen at Joliet and Reavis at Riverside-Brookfield.

The Chicago Motor club says the oddest arrest of the week was that of a Maryland school bus driver who was charged with passing another school bus which was unloading children.

## Eagle Wrestling Team Nails Two Conference Foes

The Eagle grapplers of Coach Joe Devine ran over two conference opponents during the past week, as they defeated Evergreen Park 45-3, and Lincoln-Way 43-3.

The Eagles have won five straight matches, and they now have a fine record of 13 wins and 9 losses.

Individual winners for Sandburg by pins were Janulis, Pfersdorf, Semetis, R. Chatlosh, Blaha, Johandes, and Dumney. Other Sandburg winners: Liston (6-4), B. Chatlosh (11-2), Borre (4-0), and Jaklich 3-0. The only member of the Eagles' squad to lose his match was Ron Zinn, on an 8-1 decision.

The Eagle grapplers found the postponement of the Lincoln-Way match from Monday to Thursday to their liking, as they won 11 of the 12 matches, and defeated the Knights 43-3.

Winners with pins for Sandburg were: Zinn, Borre, and Dumney. Other winners for the Eagles were by decisions—Janulis, Pfersdorf, Blaha, and Johandes. Semetis won a very close match over Weber, 6-5. Winners for Sandburg by forfeit were Liston and W. Semetis.

Most of the Eagle grapplers have shown steady improvement thruout the season. Several Eagles have winning streaks going, led by Wayne Borre, a sophomore, who has won seven straight matches, altho he missed two matches because of an injury. Warner Semetis and Steve Johandes have won six in a row, Frank Liston, four, Janulis, Bill Pfersdorf, and Roger Chatlosh have won three in a row. Al Jaklich, another freshman, has won his last two matches. Co-Captain Bob Blaha has been undefeated through the past six matches, but was held to one draw. Heavyweight, Bill Dumney has won eight of his last 10 matches, losing one and having one draw.

In the week previous, Sandburg grapplers took Rich 30-14 and Lockport 35 to 8.

## Orland Grade School Wins Cage Tourney

Orland Park grade school won the basketball tournament at which it was host this week. The tournament ended Tuesday night with Orland Park defeating Palos Heights 19 to 8 in the finals.

Frankfort grade school won third place trophy when its team beat St. Michael's of Orland, 33 to 12. At half time the score was low and close, with Frankfort on top, 7 to 3.

## New Lenox Riding Club Members Score At Orland Show

Eleven members of the New Lenox Riding club were awarded ribbons, at the horse show held Sunday, Feb. 12 at the Woodland Valley Stables in Orland. Members who participated and were awarded ribbons for the various classes were: English pleasure, Kay Delaney, 1st, on her horse Rosebud; Faye Anderson, 2nd on her horse Red Larry;

Cloverleaf; Glenn Vally, 5th, on his horse Candy; Western pleasure: (15 years and under) George Anderson, 5th, on his horse Scout;

Musical chairs: Owen Storm, 3rd, and Don Warning, 4th, on Scout;

Western pleasure: (over 15) David Bruns, 5th;

Trail horse class: Don Warning, 1st, on Randy; Russell Daugherty, 4th, on Jimmy;

Rescue race: Bob Glenn, 5th, on Rebel;

Speed and action: Jim York, 1st, on Crusty.

The show was judged by Rex Gabriel of Plainfield.

## Radio, TV Stations To Carry State Cage Tournament Games

Radio station WJOL, Joliet, will be the outlet in this area for the broadcasts of the Illinois high school basketball tournament to be played at George Hoff gym, University of Illinois, next month.

The finals will be held on St. Patrick's day, Saturday, March 17.

Several TV stations are to carry the semi-finals and finals on March but will not telecast the other games in the tournament. All the games, however, will be carried on radio.

Channel 7 will be the Chicago outlet for the telecast.

## Oak Lawn Wins S.W. Conference Grappling Title

Oak Lawn wrestlers wrapped up the Southwest Suburban conference title last week-end at the matches held in the gym of its nearby neighbor, Reavis high.

After all of the bouts had been finished Oak Lawn was on top with a total of 101 points. Reavis was second, only six points away, with a score of 95 and Bremen was third with 66.

Fourth place team was Sandburg, with 42 points; Rich was fifth with 30 points; Evergreen Park, sixth with 15 points and Lincoln-Way seventh with 11.

Lincoln-Way's 11 points were scored by its 165-pound ace John Weber, who bagged a second.

Sandburg copped a championship in the 165-pound class thru the work of Steve Johandes. Bill Dumney, of the Mokena area, finished second for Orland in the heavyweight class, and Frank Liston was second in the 112-pound affair. Orland also had two thirds, Warner Semetis and Bob Blaha and a fourth, Wayne Borre.

## Lincoln-Way Basketball Teams Drop Tilts to Oak Lawn, Peotone

By Denny Wheeler

Lincoln-Way's basketball titans ran into a pair of very respectable ball clubs in Oak Lawn and Peotone last weekend and met defeat in both contests.

In the first game versus Oak Lawn, Lincoln-Way played miserable ball for the opening two quarters and altho they held the Spartans even in the second half, it was too late.

The Knights fell into a trench right off the bat, dropping to a 27-9 deficit at the quarter. The Lincoln-Way charges fared little better in the second period and were on the short end of an enormous 53-24 margin at the half.

After the intermission the Red and Black held their own, being out-scored just 30-28. Art Aldridge smashed the strings with 22 points to lead Oak Lawn to victory while Ron Studnicki was high man for the Knights, as he meshed 14 markers. Paul Padzuikas was next in line with 10.

The following evening brought a "brighter day" for Lincoln-Way. Even tho they were defeated 73-55, they showed much improvement in their ball handling and pattern-running. At one time they held a slim 17-13 lead only to see excessive fouling ruining their hopes. Peotone's Blue Devils ran up a 12-7 lead before the Knights began to set a torrid pace. Before the Devils knew what had happened, the Lincoln-Way crew had bounded away to a 17-13 lead.

However, any illusions of victory were quickly punctured by Peotone as they turned on the

steam and moved to a 41-28 halftime bulge.

In the second half, the L-W Knights tried frantically to climb back into the picture, but the steady Peotone quintet held its ground and won out 73-55.

One distasteful statistic reveals an atrocious number of fouls called in the game—53 in all.

The Lincoln-Way first string unit divided the points nicely: Ron Studnicki was high with 15, Red Wade 11, Paul Padzuikas 10, Denny Wheeler 8, and Mark Schellenberg 6. Ken Koch led the Blue Devils with 28 points.

The frosh-soph also dropped a pair, the first being a one-point heartbreaker to Oak Lawn.

The game was very close all the way up to the last six seconds when Dave Zechlin missed a free throw which would have tied the contest. Dave played a whale of a game, meshing 15 points and hitting 11 out of 14 free shots. Henry Jessen hit for 14 and accounted for many more with his brilliant passing. Ed Donaldson added 11 and Ken Weber 10. Neil McGee loaded the Spartan basket with 32 tallies.

Against Peotone the Little Knights played a good game, but the Blue Devils were too smooth and they topped the L-W men 56-39. Hank Jessen and Ed Donaldson scored 10 followed closely by Zechlin with 8.

There are a number of important games coming up for Lincoln-Way. They meet Plainfield tomorrow evening and Lemont in the first round of the state district tournament at Sandburg starting February 22.

## Will Discuss Small Fry, Pony Plans at Tinley

There may be a number of snows yet and the mercury may tumble down to zero a few times yet, but spring isn't far off now and spring, of course, means baseball.

Tinley Park adults interested in the Pony and Small Fry leagues know that the 1956 season is not too far distant and that there is a lot of work to be done before play gets underway.

To that end a meeting is scheduled for a week from tonight to which all interested adults are invited. The meeting will be held at 7:30 o'clock in Room 103 of the Tinley Park school. That's next Thursday, Feb. 23.

The Pony league and Small Fry teams at Tinley last year had an excellent season and those interested are hopeful that this year will be even better.

The program is intended to provide youngsters with a means of recreation to fill in their leisure hours. That they may acquire fundamental knowledge may eventually land them jobs in the big leagues is but incidental, it was pointed out.

## Lent is Time to Take Up Cross

By Bishop Fulton J. Sheen (Paulist Feature Service)

LENT is the time of great drama. It is the season when all attention is focused on you and what you will do about suffering.

All year long you are confronted with suffering. But Lent is a special "suffering" season for it is the prelude to the greatest suffering of all time: Christ's death on Calvary.

OUR LORD told us, "Take up your cross and follow me." He did not say, "Take up My Cross." Each one of us has his own cross, his own suffering, tailor-made and custom-built to fit the bearer. Lent is the time to recognize and embrace that cross.

The size of the cross does not matter; it's your willingness to accept it that counts. There is the cross of death, for instance, when God takes some loved one home to eternal happiness. But the great amount of pain that is wasted. Willingly accept your pain, and find the love of God in your sorrow.

It is typically American to feel that only "big" things count. But from the Christian point of view, things become "big" in the way that our wills utilize them. Hence, mopping an office for the love of God is "bigger" than running the office for the love of money.

Suffering itself won't bring you to God, of course. A baker and a monk may both get up at two o'clock each morning.

Both may not be happy about it. But one may curse God, or at least be annoyed, while the other offers it up for the love of God.

So it is with all suffering. We can use it or waste it—that is the drama of Lent.

The reason why most of us are what we are, mediocre Christians, "up" one day, and "down" the next, is simply that we refuse to let God work on us. We want to control the process. Lent is the time to bend our wills to God's; to let Him work on the canvas of our souls.

Since God is a better artisan than you, the more you abandon yourself to Him, the happier He can make you. It is good to be a self-made man, but it is better to be a God-made man. Try it—by spending a Holy Hour a day during Lent in prayer and meditation.

Your heart is in your hands. Only you have the freedom to give it away. To whom will you give yours; to your moods, your passions, your egotism, or to God? Lent is the time to decide.

"Of course opposites attract. A lot of hard cash is in soft hands."—Frances Rodman.

"Fasten your safety belt, Horace!"

Motorists must remember to keep windshield wiper blades in good condition for winter driving. If your wiper blades streak, have them replaced. Remember, you have to see danger to avoid it.

Inspect your tires every week. Uneven wear on the tires indicates misalignment or lack of proper adjustment or balance. Correction of these unusual conditions will insure long wear and maximum safety.

## Guarantee Given For Free Choice of Religion

By Hon. Herbert Brownell, Jr.,  
Att. Gen. of U.S.

**PAULST FEATURE SERVICE**  
Freedom of conscience—freedom of religion—how vital these rights are to our way of life! It was no accident that religion was the first of the liberties mentioned by our founding fathers in our Bill of Rights. The long history of religious persecution convinced them of the need for explicit guarantees in our Constitution to protect freedom of religion and other basic rights.

Nevertheless, the Constitution,

as adopted, contained no express safeguards for the freedom of religion. But the Bill of Rights was adopted for the freedom of religion. But the Bill of Rights was adopted shortly afterwards to protect from government interference the conscience, the spirit, and the minds of men. Its first amendment provides in part: "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof."

Our courts have construed the Bill of Rights in a way intended to give freedom of religion the broadest scope that could be maintained in an orderly society. The supreme court, in decision, emphasized that "both religion and government can best work to achieve their lofty aims, if each is from the other within its respective sphere."

While the Federal and state governments are forbidden from interfering in religion, however, the question has been raised frequently in recent years whether they are also barred from cooperating with religious authorities and assisting our religious way of life. Does our Constitution require that the state and religion shall be alien to each other—to be hostile, suspicious, or unfriendly to each other? Obviously it does not.

We are a deeply religious people whose institutions presuppose a Supreme Being. We have chaplains in congress and in the armed forces. Our coins bear the inscription "In God We Trust." An act of congress last year added to the Pledge of Allegiance the words "Under God." The supreme court upheld a law on the ground that it respects "the religious nature of our people and accommodates the public service to their spiritual needs."

Today we enjoy the blessings of freedom of religion in the fullest sense of the word. We also recognize the corresponding duty of not interfering with the rights of worship and the freedom of conscience of others. We have learned how contagious the corroding effects of religious intolerance are. And we have learned from the experience in totalitarian countries that when a nation becomes contemptuous of religion and the rights of man, it is not long before all freedom is lost.

## Here Are Way to Deduct Car Costs from Tax

The Chicago Motor club reminds motorists to deduct certain car expenses when itemizing deductions on "long form" income tax returns.

Items which all motorists may deduct include:

1. State automobile license fees.
2. State gasoline taxes (five cents a gallon in Ill.)
3. Personal property tax.
4. Drivers license fees (\$1.00 in Ill.)
5. Casualty losses, not reimbursed by insurance or other means, if not due to willful negligence.
6. Interest paid on automobile loans.
7. Municipal vehicle tax fees.
8. State and city sales taxes on autos.

If you use your car for business, you can include these additional automobile expenses:

1. Chicago Motor club dues.
2. Automobile insurance.
3. Depreciation.
4. Gasoline, oil and lubricating expenses.
5. Repairs.
6. Washing and polishing costs.
7. Garage rent, parking charges and tolls.

The costs of driving to and from fixed places of work are not deductible for income tax purposes. If you use your car partly for business and partly for pleasure, the items in the second group are deductible only in proportion to the amount of business use.

## Man Can Choose

Lesson for February 19, 1956

THE difference between man and the other animals is not in one thing but in many things. But one of the most important facts about man is his power of choice. Some little creatures of the sea just sit in one place their life long. Others drift with the tides. Higher animals like dogs and horses make some choices; but only man makes, or can make, the enormous number of decisions that every man makes, and only man can make choices that have the far-ranging results that human choices sometimes have. A dog does not decide what time he will get up; but man sets an alarm clock. A dog does not select his breakfast; man does (or would like to). A human being decides what to wear, where to work, whom to marry, whether to have children, whether to be a good citizen or no citizen at all. He selects a school or college, he selects his friends, he picks out a lot in the cemetery, he makes a will. Man is the choosing animal. And he is this because he is more than body. He is mind and soul.

**Dr. Foreman**  
get up; but man sets an alarm clock. A dog does not select his breakfast; man does (or would like to). A human being decides what to wear, where to work, whom to marry, whether to have children, whether to be a good citizen or no citizen at all. He selects a school or college, he selects his friends, he picks out a lot in the cemetery, he makes a will. Man is the choosing animal. And he is this because he is more than body. He is mind and soul.

When Choices Are Important

Everybody knows that some choices are more important than others. At least everybody should know this; but for some reason, people will put more thought into trifling decisions than they do into big ones. People need to learn what is important and what is not. A woman who had had a nervous breakdown told the writer that it all started when she couldn't make up her mind which of two hats to buy. One was only one dollar more than the other, and she could afford the dollar. But she actually lay awake all night worrying about whether she had a moral right to spend that extra dollar when there were so many people in the world. So she worried herself right into a sanitarium because she built up a

trifling decision into a Terrific Problem. What makes a choice important? Surely a choice that lasts a long time is more important than one that makes a difference only a few hours or days. A choice that affects one's whole life is more important than one that affects only one part of it. A choice that lasts beyond this life into the next, a choice for eternity, is surely the most important of all.

**Choosing Christ**

Becoming a Christian can be described in various ways: one of the most meaningful is "choosing Christ." Jesus himself used to say "Believe in me" or "Follow me," which mean much the same thing. Choosing, or believing in Christ, is much more than just adding certain beliefs to whatever else you happen to believe. It is more than adding one more person to a list of persons you already admire. Choosing Christ is a far more profound thing. Real choice of Christ involves a turning-about of the whole personality. The captain of a ship headed north does not merely believe that North exists; he heads the ship that way, he keeps it moving toward the north star. So a person who chooses Christ does not simply believe that he exists, or that he is Son of God. He turns the helm of his life toward him, he keeps moving in the direction of Christ the "Morning Star." If that rich young man whom Jesus loved had followed instead of turning away, who knows what a changed man he would have been? We do know that the dishonest grafter Zacheaus, a man of whom his neighbors could have expected little good, once he let Jesus into his life, was a radically different man.

**Time and Eternity**

Choice for Christ is a choice for a lifetime; so is choice against him. It is not a choice you make once and that's an end of it. It is a choice that has to be made again and again day by day. Every day brings you some moment of decision, where the way you decide is really a choice for Christ or against him. Deciding for Christ affects all your other decisions. For now you are his, and all your life's course is steered by his star. More than this: decision for Christ is a choice for Eternity. You enter the life beyond as his friend, or not his friend. He is the Light of the world. To turn from him is to choose the dark. "There are only two roads through life: with him, or without him. There are only two ends of life: with him, in the light, or without him, in the dark. The light is his gift; but the choice is your own."

## Writer--Former Legislator--Will Address Women's Press Assn.

Mrs. Kay Metz, who is serving as liaison between top women's organizations and the Hoover citizen's committee, will address the Illinois Woman's Press association Feb. 17, at 8 p.m. in the Fine Arts Bldg., 410 S. Mich. ave.

Her talk will be on "Women Are Here to Stay," in which she will discuss the responsibility of writers in stimulating the thinking of women in general.

"Women do not accept the responsibility they should in respect to public and cultural affairs," Mrs. Metz said.

She will reveal results of her speech on the reading habits of women, and tell of her beliefs that writers and editors should provide a higher type of literature and journalism for women to help them develop more responsibility.

Mrs. Metz and 25 officers from top women's organizations in the nation will attend a meeting February 27 in New York with Herbert Hoover, to discuss ways in which women can aid economy in government.

Mrs. Metz is a staff member of the public relations department of the Quaker Oats Co., and a member of I.W.P.A. She served two terms in the Iowa legislature—1948-1951; has been a reporter on the Chicago Tribune, Denver Post and St. Louis Star-Times; edited and published own paper in Lamoni, Ia.; served as exchange editor in Mexico with the Garcia Valseca chain of 19 newspapers, is a lecturer, free lance writer and contributor to magazines.

She will address the 11th annual Midwest Editors Institute sponsored by the Industrial Editors Association of Chicago, Feb. 13, at 2:15 p.m. at the Congress hotel.

## Experts Predict 46 per cent of Population in Chicago Area Will be Suburbanites by 1975

Suburban population will almost match that of Chicago by 1975, but claims that residents and business are deserting the city are exaggerated, according to a report released last Saturday on "Chicago's Metropolitan Growth."

Nearly 8 million persons will live in the metropolitan area in 1975, the report said. About 46 per cent will reside in suburbs in five Illinois counties and Lake county, Indiana, with the bulk of them within a 30 mile radius of the Loop. The five Illinois counties are Cook, Will, DuPage, Lake and Kane.

The city is expected to increase by 300,000 during the next 20 years, while a suburban population rise of 1,300,000 is anticipated.

The report was published by the Business Executives' Research Council, a cooperative venture by Chicago area business executives and Northwestern university. The study required almost two years to complete.

"Chicago is not being robbed of its population," the research committee said. "Rather a general growth movement is in progress which cannot be accommodated adequately by the central city and consequently seeks the less densely populated suburban areas."

"Although the structure of the city may change under the impact of suburban movement and redevelopment, Chicago will remain a vital and the most important link in the metropolitan area. A reduction in the density of the city's population, coupled with the planned rehabilitation program, will reduce congestion and make the Chicago area a more desirable place in which to live and work."

However, population shifts in the Chicago area have had an adverse effect on the city's commercial districts, the report said. In general, the population moving out of the city has a relatively high purchasing power, while groups moving onto Chicago have a relatively low purchasing power.

To stem the exodus to the

suburbs, the city must solve some of its housing problems, the research committee said. Because of the present shortage of land for industry in the city proper, the trend toward establishing plants in suburban sections will continue in the future, probably at an accelerated rate, the report went on adding that the Loop's position as the center of office facilities is being strengthened by the new construction of large, modern office buildings.

"No doubt certain firms particularly suited for suburban location, especially where their plant and general offices are combined, will move if it is possible to move employees or find a labor market at the new location. However, most firms having large general offices still prefer their location in the central business district," the report states.

Loop retail trade establishments are not likely to show much growth in sales volume in coming years, but improved traffic access to the Loop and better parking facilities should make it possible to forestall actual loss of dollar volume, the report said.

Increased use of the automobile is the greatest obstacle to a solution of the transportation problem, the research committee said.

"The prospects for any early solution to the traffic congestion of the city do not seem bright," the report said. "The decentralization of Chicago's population adds to the total volume of traffic as more and more people travel from the suburbs to the center of the city. The heavy growth of suburban industry has attracted many city workers who add to the traffic volume by commuting from the city to the suburbs."

The research committee recommended the establishment of a Chicago metropolitan planning commission to integrate transportation services, coordinate police and fire protection, establish zoning standards, and study the needs for schools, recreation, water, and sanitation.

### ALPINE

Mrs. E. Mrosek  
Fieldbrook 9-2411

The regular monthly meeting of the Orland Boys 4H club will be held at Maue school, Monday evening, Feb. 20.

Mr. and Mrs. Alex Mitera were guests, Feb. 5, of her sister and husband, Mr. and Mrs. John Mikulec of Chicago, who entertained at a family dinner party honoring their son Johnny and his first birthday which was Feb. 1.

An enormous whipped cream cake which was decorated with small elephants centered the dinner table. A miniature of the large cake had been made especially for Johnny, who, to the delight of his assembled relatives, really dug in. Mr. and Mrs. Mikulec made the occasion an even happier one with the announcement that a playmate was expected for Johnny in early fall.

Guests were: Johnny's godfather and family, Mr. and Mrs. Alex Mitera and Alex Jr. of Alpine and the latter's fiancée, Miss Betty Fugland of Monee; his godmother, Miss Gerie Kwiatek of Chicago; his uncle and family, Mr. and Mrs. John Malon of Midlothian; his uncle and family, Mr. and Mrs. Ray Mikalic, son of Chicago; his aunt and family, Mr. and Mrs. Stanley Kwiatek of Chicago; his aunt, Mrs. Helen Sumid and daughter and Mr. Frank Corregione all of Chicago.

Mr. and Mrs. Albert Reeves, Walter, Larry, Marvin and Margaret Ann were guests at family birthday dinner Sunday honoring Walter at the home of her brother and family, Mr. and Mrs. Roy Jones in Riverdale.

Mr. and Mrs. Reeves entertained neighbors in further observation of the occasion, Monday evening.

Mrs. John Cruise was surprised and pleased to find herself the honored guest at a birthday party planned by local friends Thursday. Present were Mrs.

John Lohmann and Pat, Mrs. John Cole Jr. and Linda, Mrs. Garrett Cummins, Mrs. Roy Walker and Mrs. Marcella Taylor and sons of Tinley Park.

Sandra Felsch and her birthday which was Friday, were honored in various ways over the weekend. Her sister, Patsy, and Carla Mrosek surprised with a cake; her parents entertained at a theatre party in observance of the occasion and she was the honored guest at a family gathering in Chicago.

Other birth dates to receive attention this past week were those of Abraham Lincoln, born Feb. 12, 1809, and the Boy Scouts founded Feb. 8, 1910.

The annual scouts Blue and Gold banquet held in the Legion hall in Orland Park, Feb. 12 was well attended and enjoyed by all. Ronald Creer, an Eagle scout of Orland Park, was Master of Ceremonies.

Awards were presented to both Boy and Cub Scouts. Chief Pete Lohmann, of den 5, received a certificate in recognition of his work as did all other den chiefs. Bill Lohmann received the bear badge and gold arrow and James Walker and James Cruise received gold arrows. Steven Kovekis, Terry Donovan and James Nemetr received Wolf badges.

Principal speaker was John Toni of Indiana, who is a scout field representative.

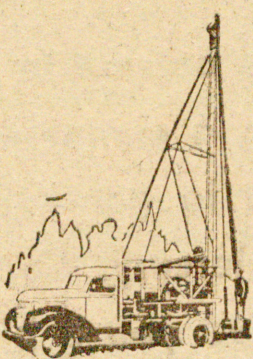

The pledge of allegiance was given and followed by group singing of America. There was further group singing and everyone present took part in forming a living circle, a symbol of scouting.

The Rev. Mr. Plastow of the Orland Methodist church gave the invocation and benediction and the meeting was opened and closed by the posting of colors.

The recent snow fall was very welcome even though folks are usually pretty tired of winter by this time of year. More moisture is needed for the soil, it is said. And, judging from the many snow men, snow forts, snow tunnels and the number of Dads that were out pulling sleds by various ways and means, the neighborhood children certainly had a good time for themselves over the week end.

One housewife says that she does not agree with Arthur Godfrey's prediction that this would be a short winter because the groundhog didn't see his shadow. "My eye brows are too bushy for this to be a short winter," she states.

"Some women suffer for their beliefs. They believe they can wear a shoe one size smaller," -Vaugh Monroe.

Mrs. Virginia Sasa  
New Lenox 3133

Members of the Homer Woman's club were guests at the regular meeting of the Marley's Woman's club in the Homer church last Thursday afternoon. Dessert-coffee was served by Mrs. Eugene Anderson and Mrs. Charles Ingram. Due to the inclement weather, the speaker was unable to attend. Games were played following the business session.

Richard Olsen of Kansas City, was a dinner guest of the Robert Sproats Wednesday night.

Mr. and Mrs. Stanley Coe were visitors Wednesday afternoon in the Frank Borden home in Joliet.

Mr. and Mrs. E. D. Gillette were dinner guests Sunday of Mr. and Mrs. Burton Gillette in New Lenox.

The Marley Young People's group held a social hour at their meeting last Tuesday night in honor of Alice Clarence Troutman, who was home on furlough. He left by plane Wednesday for Amarillo, Texas, where he will attend a training school.

The Valentine party sponsored by the Freeman Fellowship Friday night in the Marley church was well attended. Various games were played. The ladies brought valentines which were auctioned. Refreshments were also enjoyed.

The PTA of the Ann Rutledge public school had a successful Founder's Day program at their meeting Monday night.

The program was presented by the pupils of the third, fourth and fifth grades with Michael Delaney and Michael Urbano acting as master of ceremonies. The program opened with prayer by Joyce Martin. A skit, "Mr. Facts" was given by Randall Wheeler, Tommy Cummings, Rudy Urbano, Carol Tyler, James Chapman and Dorothy Kluth. Kenneth Ullrich and Paulette Janard did a tap dancing number. Elizabeth Niedringhaus and Danny Olsen played several se-

lections and a duet. Dick Cummings sang a solo, and Shirley Keshler recited a poem.

The following sang several selections as a chorus: James Nicholson, Helen Edstrom, Carol James, Robert Balsie, John Bugland, Dick Komar, Kathleen and Rudy Arnold and Gunnar Hendrickson. The next meeting of the PTA will be March 12.

Traffic violators in Grand Rapids, Mich., recently got two tickets for violations, according to the Chicago Motor club. After getting a ticket from an arresting officer and appearing in court, the violators were given complimentary movie tickets by the judge. The tickets were a traffic safety film which was being shown at a local theater.

Get the "feel" of the road these slippery winter mornings. The Chicago Motor club advises you to apply your brakes several times before driving into traffic. In this way you can check your brakes, find out just how slippery the road is and adjust your speed to road conditions.

### "Bubbles Concerto"

The students enjoyed an assembly of an unusual nature Monday when Eifel Plasterer, assisted by his son, William, presented their "The Bubbles Concerto."

The Plasterers were able to perform many tricks with bubbles to the accompaniment of such music as "I'm Forever Blowing Bubbles" or a snappy Sousa march. Bubbles large and small, burning bubbles, square bubbles, explosive bubbles and bubble chains all had a part on the program.

Mr. Plasterer presented a pantomime with bubbles showing a dream in which the dreamer sees himself first blowing bubbles, then in love, later going to the fair, at the fair and finally the nightmare in which his own bubble creations become so grotesque that they threaten to destroy him.

As the concluding act, a "young man" from the audience was asked to volunteer to assist. Sophomore Richard Wade came forth allowing himself to be completely encased in a huge bubble.

### Family Life

The ninth graders have been working on a unit in English and social studies entitled "Your Family and You." The general aim of the unit is to help teenagers to better understand the problems of the family and to help them become better family members.

Plans for this unit were started some weeks ago when Jonas Lashmet and ninth grade class representatives attended the University of Chicago workshop in citizenship education. The laboratory practice selected for study was "How Decisions Are Made in the Family."

A questionnaire has been developed which contains questions from all classes dealing with family problems. Each youngster and parent is being asked to complete the answers. The results will be tabulated and interpreted at the spring workshop in citizenship education at the University of Chicago. The results will also be returned to the parent.

Another interesting feature of this unit included a panel discussion on family problems by teen-agers by teen-agers and parents.

Second Annual Speech Festival  
The second annual conference speech festival was held at Carl Sandburg high school on Saturday, Feb. 11.

Nearly all of the conference schools participated and were rated according to A, B, and C. The different classes and Lincoln-Way's entries were:

1. One act plays - "Happy Journey" Cast: Roger Swart, Bonnie Rydell, Wendell Anderson, Linda Powers, Buddy Lail, Jo Ann Harris
2. Original monologues - Paul Padzuikas
3. Radio speaking - Bill Heidrich
4. Orations - Denny Wheeler
5. Verse reading - Janet Korsgaard
6. Extemporaneous speaking - Rudy Guzik
7. Play readings - Bill Noble

Numbers Lover's Corner  
Here are the answers for last week's puzzles. Did you get all of them right?

1. 13,212
  2. The clown wearing the number 6 stood on his head so that the numbers were 1, 8, and 9.
  3. 10
  4. In each case the sum is 1,083,673,269.
- How about a few algebraic problems?
1. Alice is as old as Betty and Christine together. Last year Betty was twice as old as Christine. Two years hence Alice will be twice as old as Christine. What are the ages of the three girls?
  2. At what time between 2 and 3 o'clock will the minute hand be as far from 6 as the hour hand is from 12?
  3. This is a problem in logic and it is workable.

There are a number of MURPLES lying side by side in a straight line along the bottom of a QUALLE. There were half as many yesterday. There will be twice as many tomorrow; for, owing to the force of circumstances, the number of MURPLES double every day.

At this rate the entire QUALLE will be full of them in just 60 days. But what is much more important, hypothetically, is this: IN HOW MANY DAYS

WILL THE QUALLE BE JUST EXACTLY HALF-FULL OF MURPLES?

### NATIONAL HONOR SOCIETY

Room 101 has been turned into the campaign headquarters for the National Honor Society card sales. The society is selling assortments of all occasion "slim jim" cards, all occasion scripture texts, all occasion children cards and an all occasion comedy card in addition to gift wrappings and ribbons.

Sales began on Monday, Feb. 6, and will continue for approximately two weeks. Mrs. Hussey has stated that sales are doing very well. She says "We've been sold out of the children and religious assortments and ribbons but members will take orders."

It is hoped that the funds raised will pay for two \$50 scholarships which the society will award in June.

## U. of I. to Quit Doing Work of High Schools

The University of Illinois is going to stop providing high school English courses for new students weak in that subject. For years they have been sorted out of the freshmen class by a written test and required to take this no-credit course before entering the first credit course.

Starting in 1960 all will go into the regular freshman course in this as in other subjects. In making the change, the university will work with the high schools of the state, and hopes the high school will do the job they are supposed to do.

The change is being made because of demands from increasing enrollment on the university's teacher and classroom resources and its conclusion that such a course is not its job.

### STATE INSTITUTE

The state's new police training institute will hold its first session at the university of Illinois next June. One hundred officers from cities, villages, park districts, and sheriff's forces will attend a 30-day session.

The institute was established by the recent Illinois general assembly. It will be operated by the division of university extension. Sessions will be in campus, university armory, and

the new law building on the nearby areas. Officers attending will live in the men's residence halls.

Experienced police officers and university staff members will be instructors at the institute. Attendance will be limited to not more than two men from any one department.

Mrs. Bernard Morris, Gougar rd., was the fortunate winner of the first prize in a guessing contest sponsored by the Morris B. Sachs Co. at the National grocery at Kelvin Grove, Lockport, Wednesday afternoon, Feb. 8. The prize was a \$25 merchandise certificate, two silver dollars and some coffee. She won by guessing nearest to the correct population of Canada.

The Missionary society will meet in Homer church Thursday Feb. 23 for a noon time potluck dinner, with Mrs. Roy Parker and Mrs. George Burcham as hostesses. Sewing, a devotional program and business meeting will occupy the hours. Each member is asked to bring an article to be sold at the fall bazaar, which will be turned in, in answer to roll call.

The C.A.C. served doughnuts and coffee at the afternoon farm sale of Christel Koehler last Thursday.

Permits for four dwellings to cost \$8000 each were recently issued to A. H. Bruning of Joliet, to be located north of 147th St. near Rickerman road in Homer township.

Earl Morris is recovering from chicken pox.

Mrs. Reed Burch has been a flu victim for several days, also Mrs. Robert Shepherd has been

ill with the same popular malady.

Mrs. John Loucks has been helping to care for her mother, Mrs. Louis Pelkey who underwent an emergency gall bladder operation at Silver Cross hospital last Monday evening. She is recovering nicely.

The Bruce Andersons were Chicago visitors Saturday, when Faye participated in a baton contest at River Park.

The Prima African Violet club met in the home of Mrs. Frank Loucks, Bruce road, Monday afternoon. Mrs. Skolds led the discussion and a plant sale was a feature.

The Homer Little Women 4H club held their last regular meeting in the Cagwin recreation room. Booklets and cards on sewing and cooking were distributed. Judy Hutchinson was elected treasurer in place of Susanne Burcham who resigned. Mary Ann Buck was appointed a junior leader. Plans were made for the Feb. 6 Valentine party.
